

Batch Validation Certificate

Partnumber:	S250182K2
Description:	ASSY FLANGED BODY
Batch Number:	BV201004003 
Qty:	1
Date:	19-Jan-10

Part Requirements

Electrode manufactured from SS with a surface roughness of $Ra < N.A.\mu m$

A. Material

Copied from the Material Certificate 3.1 (EN 10204) accompanying this raw material from the supplier.

Manufacturer	Diameter	Grade	Heatnumber	Trade name:
LINCOLN elect	1,6		605181	LNT 316 Lsi
UGITECH	Ø 35		830056	UGIMA 4404
VIRAJ	2" 150 LBS	F316/316L	80008	

B. Surface roughness

Surface roughness was established by measurement using a Taylor Hobson Surtronic 3+ Surface Tracing device. Serial Number 1167L.

A number of individual parts were taken from the batch and subjected to measurement. Batch compliance was accepted or rejected according to ISO 2829.

Required Surface Roughness	$Ra < N.A.\mu m$
Established Surface Roughness	Complies to $Ra < N.A.\mu m$
