

This issue of sales news announces the end of order acceptance of the Confocal Scanner Unit, CSU21 and CSU22, as it was noticed in advance by SN 08E-125 dated October 1, 2008.

1. Model being Discontinued  
CSU22 and CSU21

Note: All requests for additional specifications and custom order specifications will not be accepted for the above products from January 1, 2009.

2. Replacement Model  
CSU-X1 series

3. Maintenance and Repair Service, and Spare Parts

- In principle, the supply of spare parts of the CSU21/CSU22 will be continued for a period of 5 years from the date of last orders and discontinuation of production.
- Basically, any requests for maintenance and repair service will not be accepted when spare parts become unavailable after a period of 5 years from the date of last orders and discontinuation of production.
- In principle, list price for the spare parts and repair service of the CSU21/CSU22 have been raised by 5% as of 1st January, 2009. Please inquire for specific case.
