Yokogawa Introduces the AE5523

Newnan, Georgia - Yokogawa Corporation of America introduces the AE5523, a brand new copper tri-mode unit for the AE5511 Traffic Tester Pro Ethernet traffic tester. The AE5511 Traffic Tester Pro is a low cost and easy to use 10/100/1000 and 10G Ethernet traffic tester. The AE5523 offers a dense 12 ports of 10/100/1000 Tri-mode copper, and provides many new capabilities including multi-user sharing and POE support. With the AE5523, you can perform Ethernet traffic test effectively while minimizing your investment outlay. The Traffic Tester Pro is the perfect solution for Ethernet hardware development and manufacturing test.

Yokogawa Corporation of America will exhibit the AE5523 at the Interop 2005 tradeshow, May 3rd to 5th, in Las Vegas, Nevada.

For additional information please contact Dave Blank at 925-210-1411.
