Yokogawa's *DUAL-VUE* Hybrid Switchboard Meter Achieves UL & C-UL Listings

Newnan, Georgia -Yokogawa Corporation of America proudly announces the achievement of UL & C-UL listings for their new line of hybrid switchboard meters called *DUAL-VUE*. The new meter line features an analog moving pointer for trend information and digital LED display for easy readability. They are perfect for upgrading existing power or control panels or for new indicating applications. The meters are available with either red, green, or blue LED displays with a variety of custom scaling options. Measurement input ranges are AC and DC voltage or current. Mounting is compatible with standard 4 ¼" switchboard cutout and the cover assembly is designed to IP54 enclosure rating (dust and splash proof).

For additional information please contact Chris Costlow at 770-254-0400x5335 or go to www.yokogawa.com/us/mi.
