Yokogawa Introduces a New FM Limit Controller

Newnan, GA – The Yokogawa Corporation of America is proud to announce the newest addition to the UTAdvanced family, the UT35A-L Limit Controller.

The 1/4 DIN sized Limit Controller is an FM approved instrument ideal for oven, furnace and kiln applications. The UT35A-L can be configured as a high or low limit. It comes standard with universal input, three alarm outputs and retransmission output. Also there is a timer for exceeded duration and a display for maximum temperature. RS485 and Ethernet communications are available as an option.
